Dear Peter / Bill,

It is now over 5 years since you completed the construction of our home at Casuarina Beach.

In more than 30 years in the construction industry, I have not experienced a more helpful and positive team than Sea Breeze Homes.

You and your people made what can be a daunting experience of building a home from a distance into a smooth and co-operative partnership.

Further your after completion service continues to be of significant assistance. When small matters arise your willingness to help and rectify is most appreciated and, almost unprecedented, so long after completion.

I have no hesitation in recommending you or your team to anyone considering constructing a residence in the areas in which you work.

Our sincere thanks for your continuing assistance.

Yours faithfully

RICK GODFREY
